

# Mustang Mach-E

2023.75MY

*Ford*

Overseas Mach-E GT pre-production model shown. Specifications, features, and accessories on Australian model may vary.

# Freedom feels electric

Combining the freedom, performance and iconic character of the classic Mustang sports car, the Mustang Mach-E is Ford's most exhilarating all-electric vehicle ever.

Overseas Mach-E Premium pre-production model shown.

# Designed to thrill

From its silhouette to the iconic pony badge, the all-electric Mach-E is unmistakably Mustang, with the performance to match. Only now, there's enough room for the whole family.

Overseas Mach-E Premium pre-production model shown.

# Space where you need it

Whether packing for an adventure or loading the weekly shop, Mach-E offers a practical and flexible load space in both the front and rear of the vehicle.

Front load freedom

Overseas Mach-E Premium pre-production model shown.

# Immersive technology

15.5-inch centre screen  
Access all connectivity and vehicle information through the huge, portrait-oriented touch screen, with smartphone-like pinch, zoom and swipe functionality.

Overseas Mach-E GT pre-production model shown.

# Feel the E-Force

Mach-E models range from the rear-wheel drive Select and Premium, to the all-wheel drive thoroughbred GT. Get behind the wheel to discover the drive modes, one pedal drive, and, on GT models, the MagneRide® adaptive suspension system.

Overseas Mach-E Select pre-production model shown.

Choose from three drive experiences – Active, Whisper or Untame – and your Mach-E will adjust the interior sound, lighting and driving dynamics to your style. With the added benefit of the one pedal drive<sup>1</sup> functionality, your journey has never been more dynamic.

# Mustang Mach-E Select

Select features purposefully aerodynamic styling; the grille shutters providing a sportier look and the 19-inch alloy wheels reducing aerodynamic drag. On the inside, the front and rear seats are made of Sensico animal-free artificial leather upholstery.

| 470km Range<sup>2</sup>

| 198kW / 430Nm Power & Torque

| RWD Drivetrain

Overseas Mach-E Select pre-production model shown.

# Mustang Mach-E Premium

With a 600km driving range<sup>2</sup>, Mach-E Premium is the perfect accomplice for your memory-making road trips.

| 600km Range<sup>2</sup>

| 216kW / 430Nm Power & Torque

| RWD Drivetrain

Overseas Mach-E Premium pre-production model shown.

# Mustang Mach-E GT

Able to adjust 1000 times a second, MagneRide® adaptive suspension electronically controls magnetorheological fluid inside the damper to respond in real-time to changing road conditions and can seamlessly adjust the vehicle's character in line with the selected drive mode.

| 490km Range<sup>2</sup>

| 358kW/860Nm power

| 0-100km / 3.7sec<sup>3</sup>

| Dual Motor AWD Drivetrain

All Mustang Mach-E vehicles will come with a Type 2, Mode 3 cable. This cable requires a wall charger box if the customer wants to charge at home (not supplied) or can be used at a public charger.

1. One pedal drive is an extra driving aid. It does not replace the driver's attention and judgement, or the need to apply the brakes
2. Based on a full charge. Estimated range using Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown are for comparability purposes and should only be compared with other vehicles tested to the same technical procedures. Actual range varies with conditions such as external elements like temperature, driving behaviours, route profile, vehicle maintenance, and lithium-ion battery age and condition. WLTP Overall Range reflects a combined driving cycle. This test is conducted in controlled conditions with an ambient temperature of 23 degrees Celsius and no climate or electrical load.
3. Performance of Mach-E GT model. The acceleration test was conducted on a closed circuit by a trained driver. Ford test data based on typical industry methodology using 1-ft. rollout. Your results may vary. Drive safely and be aware of the speed limit at all times and monitor your speed accordingly.
